

Little Ouseburn, Yorkshire west riding

Ἰρεβυρνα

Church of the Holy Trinity

Church fabric

Cross-shaft

Grid ref ..... SE 44? 61?

Church

The tower has interesting double belfry openings, which look like overlap period.

Cross shaft

In the churchyard against the first buttress to the right of the South porch, in a curious wooden shelter, is a carved fragment of a cross-shaft. One of the carvings on it represents the Virgin and Christ-child.
