

Nether Wallop, Hampshire

Ἰῶλλη

Church of St Andrew

Wall painting

Grid ref SU 30? 36?

Date

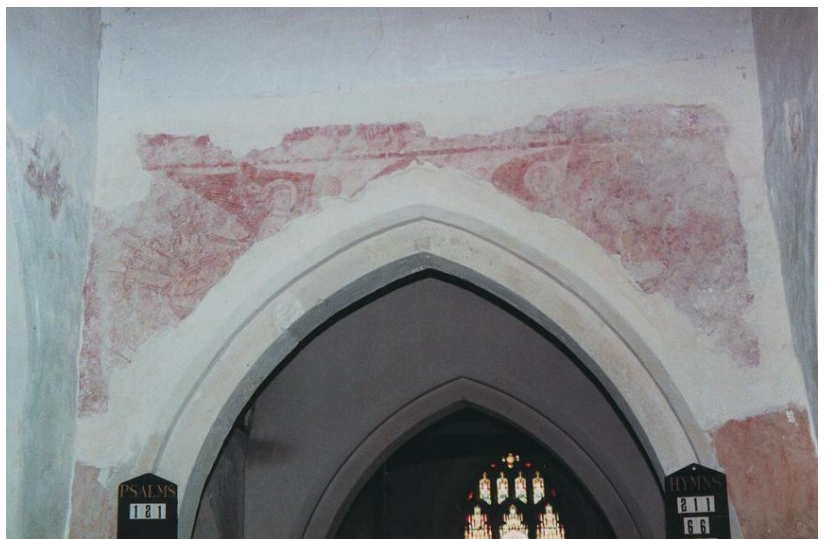

Early C11

Notes

Christ in Majesty

This wall painting of the Winchester School was recently (1991) discovered together with a mediæval painting of St George and the Dragon. It originally extended right across the East wall of the nave, but was mutilated by the construction of the enlarged chancel arch.

Harold Woolley

The topmost point of the mandorla originally surrounding the figure of Christ may just be seen.
